Material safety data sheet

1. Product and company

Straight connector made of cold band steel (galvanically zincd)

Company:

EDUARD KRONENBERG GmbH
Stanz- und Kunststofftechnik
Dingshauser Straße 6-10
D 42655 Solingen

Further information: T.: +49(0)212/222 88-211 F.: +49(0)212/222 88-999

2. Material/Composition

Material no. 1.1.0601, Quality: C 60 (DIN 17222/DIN EN 10140)
Acceptance certification according DIN EN 10204 3.1.B

2.1 Surface

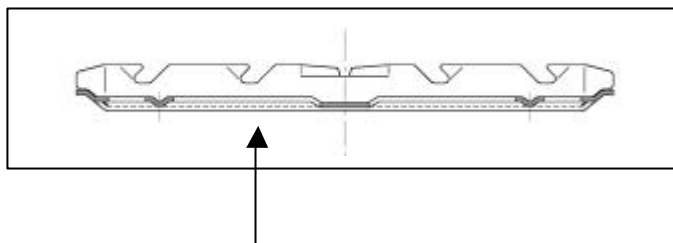

Finishing treatment: Zinc / Edition: 6 µm to 8 µm
Chromated in blue

2.2 Intended purpose

Connection of spacer bar profiles within the frame compound of an insulating glass unit

2.3 Assembly

(drawing)

During assembling this side is turned to profile perforation (innerspace of the panes)

2.4 Stamp oil

WICO Cut F2.28

Material safety data sheet

Stand: 22.11.2004 / Blatt 2 von 2

3. Possible dangers/handling

none, after touch and before eating it is necessary to wash the hands.
When assembling take care of the tabs that are put out (risk of injury).

4. Environmental indigestibilities
