

## 1. Product and Company Identification

### Identification of the substance or preparation

Product Code: **PAM19205**  
Product Description: **ABS WHITE 50**

### Use of the substance/preparation

Masterbatch or compound for polymer industry

### Company Identification

### Emergency telephone

---

## 2. Hazards identification

### Classification of the product

Skin Sensitizer 1

### Label elements

Signal Word:  
Warning

### Hazard Statements:

H317 May cause an allergic skin reaction

### Precautionary Statements (Prevention):

P261 Avoid breathing dust/fume/gas/mist/vapours/spray.  
P280 Wear protective gloves/protective clothing/eye protection/face protection.

### Precautionary Statements (Response):

P302 + P352 IF ON SKIN: wash with plenty of soap and water.  
P333 + P313 IF SKIN irritation or rash occurs: Get medical advice/attention.

### Precautionary Statements (Disposal):

P501 Dispose of contents/container in accordance with all local, regional, national and international regulations

---

## 3. Composition/information on ingredients

This product contains a proprietary blend of components encapsulated within a polymer matrix. One or more of these components are regarded as hazardous under 2012 OSHA Hazard Communication Standard; 29 CFR Part 1910.1200.

#### 4. First aid measures

##### **Inhalation**

Move to fresh air. If irritation persists, get medical attention.

##### **Skin contact**

If molten material contacts the skin or in case of skin irritation, immediately flush with large amounts of water and get medical attention.

##### **Eye contact**

Wash immediately with plenty of water. If irritation persists, get medical attention.

##### **Ingestion**

If swallowed, do not induce vomiting. Get medical attention.

---

#### 5. Fire-fighting measures

##### **Suitable extinguishing media**

Foam, CO<sub>2</sub>, Dry Chemical and Water Fog

##### **Hazardous combustion products**

Burning may produce carbon monoxide, carbon dioxide, hydrogen cyanide, hydrocarbons and other possible toxic combustion products.

##### **Special exposure hazards**

In its present form, this product offers no unusual fire and explosion hazards. However, dust and fumes generated from this product could present an explosion hazard.

##### **Special protective equipment for fire-fighters**

Use self-contained breathing apparatus and chemical-protective clothing.

---

#### 6. Accidental release measures

##### **Personal precautions**

Wear appropriate personal protective equipment. Eliminate all sources of ignition.

##### **Environmental precautions**

Do not allow entry to drains, water courses, soil or sewers.

##### **Cleaning methods**

Wearing appropriate personal protective equipment, sweep or vacuum and place in suitable container for disposal. Avoid creating dust.

---

#### 7. Handling and storage

##### **Handling**

Avoid dust formation during handling. Provide appropriate local ventilation at machinery and at places where dust can be generated. In case of insufficient ventilation, wear suitable respiratory equipment.

### **Storage**

Store in a cool, dry, well ventilated storage area. Keep container covered when not in use.

---

## **8. Exposure controls/personal protection**

### **Engineering Controls**

Work in well ventilated areas. Do not breathe dust, if generated. Physical processes such as grinding, high speed blending, etc may generate dust.

### **Personal protective equipment**

#### **Respiratory protection**

Not required under normal process conditions and with adequate ventilation. However, should conditions exist that require respiratory protection, a NIOSH/MSHA approved respirator should be worn.

#### **Eye protection**

Wear safety glasses with side shields (or goggles).

#### **Body protection**

Wear protective gloves. Wear appropriate clothing to prevent repeated or prolonged contact with skin.

#### **Hygiene measures**

Wash thoroughly after handling and before eating, drinking or using tobacco products.

---

## **9. Physical and chemical properties**

Appearance:	Pellet
Odor:	No significant odor
pH:	Not measured
Melting point:	Not measured
Boiling point/boiling range:	Not measured
Flash point:	Not measured
Evaporation Rate:	Not measured
Flammability (solid, gas):	Not flammable
Upper/Lower flammability limits:	Not measured
Vapor pressure:	Not measured
Vapor density:	Not measured
Relative density:	Available upon request
Solubility in water:	Not measured
Partition coefficient: n-octanol/water:	Not measured
Auto ignition temperature:	Not measured
Decomposition temperature:	Not measured

---

## **10. Stability and reactivity**

### **Chemical stability**

Stable

### Conditions to avoid

Do not store near heat, flame nor strong oxidizing agents, acids or bases. Minimize dust generation and accumulation.

### Hazardous decomposition products

Carbon monoxide, carbon dioxide, hydrogen cyanide, hydrocarbons and other possible toxic substances can be generated during thermal decomposition and combustion.

---

## 11. Toxicological information

Acute oral toxicity:	Not tested
Acute inhalation toxicity:	Not tested
Acute dermal toxicity:	Not tested
Skin irritation:	Not tested
Eye irritation:	Not tested
Skin sensitization:	Not tested
Chronic toxicity:	Not tested
Carcinogenicity:	This product is not classified as a carcinogen by IARC, NTP, OSHA or ACGIH.

---

## 12. Ecological information

### Ecotoxicity

No information available

### Persistence and degradability

No information available

### Bioaccumulative potential

No information available

---

## 13. Disposal considerations

Dispose of in accordance with all local, regional, national and international regulations

---

## 14. Transport information

### U.S. Department of Transportation (DOT)

Not classified as a dangerous good under transport regulations.

---

## 15. Regulatory information

U.S. Toxic Substances Control Act (TSCA):	All component(s) comprising this product are either exempt or listed on the TSCA inventory.
SARA Title III, Section 313:	This product does not contain any components that exceed the threshold reporting levels established by SARA Title III, Section 313.

California Proposition 65:

This product contains residual amounts of a substance(s) known to the State of California to cause cancer or reproductive toxicity.

---

## 16. Other information

<b>HMS ratings:</b>	<b>Health:</b>	<b>1</b>
	<b>Flammability:</b>	<b>1</b>
	<b>Physical Hazard:</b>	<b>0</b>
